

CONCRETE VIBRATORS

HUSQVARNA AX

Art.no: 967 85 82 01

Husqvarna AX is a series of concrete vibrators designed to handle all types of concrete. It is reliable, durable and powered for the toughest jobs. The ergonomic electric motor-in-head design provides outstanding performance. Maintenance-free and offering a 100% start-up rate, the AX vibrators fit most applications.

FEATURES

Handles all types of concrete

Designed to help you handle all types of concrete – from high to low slump concrete and thin beams to extensive foundations.

Built to last

Equipped with roller bearings and induction hardened steel for extended service life. AX 36 and AX 40 have ball bearings.

Tough, flexible materials

All cables and hoses offer excellent resistance, traction and bending properties.

Cover all concrete internal vibrations

Ideal when several diameters are required on the same work site as one frequency converter allows you to run up to four vibrators simultaneously.

TECHNICAL DATA HUSQVARNA AX

Art.no: 967 85 82 01

HUSQVARNA AX

PRODUCT DATA

Vibrations per Minute	12,000
Frequency	200 Hz

DIMENSIONS

Hose length	5 m
Tube diameter	56 mm
Cable length	10 m
Packaging length	800 mm
Packaging width	570 mm
Packaging height	160 mm
Article gross weight	17,000 g

VIBRATION

Vibration Value	3.66 m/s ²
