REVERSIBLE PLATE LG 164 Hatz | 450 mm

Art nr: 967 89 76-02

PRODUCT DESCRIPTION

LG 164 is a compact, lightweight yet powerful reversible plate compactor developed for smaller jobs such as driveways and pathways, private house projects and narrow trenches. It is the ideal machine to use when macadam beds are thinner and you need nimble, responsive handling. The Hatz 1B20 diesel engine reduces fuel consumption and emissions, while quality components reduce vibrations. It is equipped with a durable Hardox 400-steel bottom plate.

Feature overview (4)

- ✓ Plates made to last
- ✓ Strong protection, easy transportation
- ✓ Easy operation
- ✓ Low handle vibration levels

PLATES MADE TO LAST

The plates are made from the extremely durable and wear-resistant Hardox 400 steel. The special design keeps rocks from getting stuck between the plate and frame.

STRONG PROTECTION, EASY TRANSPORTATION

The heavy-duty steel frame protects the engine and transmission. The frame is also equipped with a lifting eye for easy transportation.
