

## CONCRETE VIBRATORS

# HUSQVARNA AX

Art.no: 967 85 83 01

Husqvarna AX is a series of concrete vibrators designed to handle all types of concrete. It is reliable, durable and powered for the toughest jobs. The ergonomic electric motor-in-head design provides outstanding performance. Maintenance-free and offering a 100% start-up rate, the AX vibrators fit most applications.

## FEATURES

### Handles all types of concrete

Designed to help you handle all types of concrete – from high to low slump concrete and thin beams to extensive foundations.

### Built to last

Equipped with roller bearings and induction hardened steel for extended service life. AX 36 and AX 40 have ball bearings.

### Tough, flexible materials

All cables and hoses offer excellent resistance, traction and bending properties.

### Cover all concrete internal vibrations

Ideal when several diameters are required on the same work site as one frequency converter allows you to run up to four vibrators simultaneously.

## TECHNICAL DATA HUSQVARNA AX

Art.no: 967 85 83 01

HUSQVARNA AX

### PRODUCT DATA

Vibrations per Minute	12,000
Frequency	200 Hz

### DIMENSIONS

Hose length	5 m
Tube diameter	65 mm
Cable length	10 m
Packaging length	800 mm
Packaging width	560 mm
Packaging height	160 mm
Article gross weight	19,000 g

### VIBRATION

Vibration Value	4.62 m/s <sup>2</sup>
