REVERSIBLE PLATE LG 400 Honda

Art nr: 967 85 54-01

PRODUCT DESCRIPTION

LG 400 is a powerful, reliable reversible plate compactor, developed for efficient compaction of deep and medium-deep granular soil. It makes an effective alternative/ complement to rollers when compacting in confined areas. It is equipped with a Honda GX390 petrol engine and features an ergonomic, service-friendly design.

Feature overview (4)

- ✓ Plates made to last
- ✓ Strong protection, easy transportation
- ✓ Ergonomics and efficiency
- ✓ Easy operation

PLATES MADE TO LAST

The plates are made from the extremely durable and wear-resistant Hardox 400 steel. The special design keeps rocks from getting stuck between the plate and frame.

STRONG PROTECTION, EASY TRANSPORTATION

The heavy-duty steel frame protects the engine and transmission. The frame is also equipped with a lifting eye for easy transportation.
